EXPERIENCE

Elevated solutions LTD, Arizona, Texas— Data Assistant

APRIL 2022 - JULY 2022

As a data assistant I was able to analyze large amounts of data after collection, processing, and cleaning data. I was able to identify patterns and draw insights from the text data.

Elevated solutions LTD, Arizona, Texas— Data Scientist

JULY 2022 - SEPTEMBER 2022

Using the data I had previously cleaned, I trained a machine learning model using a pre-built STS model(Semantic Textual Similarity)

EDUCATION

Jomo Kenyatta University of Agriculture and Technology, Juja— *Degree*

MONTH 2018 - PRESENT

Studying genomic science year 3

Moringa School, Nairobi— *Certificate*

JANUARY 2022 - JUNE 2022

PROJECTS

Github

SKILLS

1. Data analysis: I am able to analyze large amounts of data, identify patterns, and draw insights.
2. Statistics: I have a solid understanding of statistics, including regression analysis, hypothesis testing, and probability theory.
3. Machine learning: I have experience with machine learning algorithms, including supervised and unsupervised learning, clustering, and decision trees

SKILLS

4. Programming: I am proficient in programming languages like Python, R, and SQL.
5. Data visualization: I am able to create clear and effective data visualizations, such as charts and graphs, that can be easily understood by non-technical stakeholders.
6. Domain knowledge: I have research skills to acquire domain knowledge depending on the industry I am working for, so I can understand the business problems and make relevant recommendations.
7. Communication skills: I have strong communication skills, both written and verbal, so I can explain complex technical concepts to non-technical stakeholders.
8. Problem-solving skills: I am able to identify problems and develop solutions using data-driven approaches.
9. Project management: I have strong project management skills, including the ability to prioritize tasks, meet deadlines, and work collaboratively with others.

LANGUAGES

1. Swahili
2. English
